

# Meals for Away Games

CHS Boys Basketball 2017-18

If your son has been in the program before, you are aware of this issue. If you have a freshman, you probably aren't. At away games, there usually isn't food available for players. Occasionally, the concession stand at some schools will offer pizza. But generally, it's just candy and popcorn.

Some parents attend away games and might go to a nearby fast-food outlet and bring their own child a meal. But most players do not have access to any kind of "real" food unless they brought a packed lunch with them.

This year, the Booster Club has made it a project to arrange for lunches (sandwich, cookies, chips) for each player if the parent would like to purchase that option. That way, your player could always have this cold lunch without you having to plan for each game individually.

Pay once for the season, and we'll take care of the rest! For 11 away games, Varsity/JV = \$70. For C team, 5 games = \$35 (If more are added, you can add on.)
